We will place particular emphasis on linking all of the above documents to practice.

Module Objective

The aim of this module is to broaden and complement the pedagogical education with knowledge and skills in the field of school legislation. In this module, we will focus on the necessary regulations for the management of the school institution, the internal regulations of the school, the conditions of teaching and other key parts. We will also discuss the relationship between the pedagogical worker and the Czech School Inspectorate, the competence of the CSI, all evaluations and controls, as well as the organisation of inspection activities and the control functions of the CSI.
