The MBA Human Resources Management is provided online in English. This specialization comprehensively affects the area of HR segment management. Students will gain an in-depth insight into the issue of human resource management within the organization, become familiar with personnel processes, methods and current trends in the HR field and learn to effectively use human capital.

Attention is also paid to employee recruitment strategies, employee recruitment and remuneration processes, motivation, and competence development issues. Thanks to the practical focus of individual educational modules, students will learn to implement methods and trends in the field of personnel management directly into their work life.

The program is suitable for HR managers, employees of personnel departments, specialists in personnel consulting and also other applicants who want to further their education in the field of personnel management.

The MBA Human Resources Management includes the following beyond the basic and optional modules: Human Resources and Personnel Policy, Strategic Human Resource Management, Motivation and Evaluation of Employees.

Master of Business Administration
